

Returning to Learning Changes Lives

I want to get my GED Diploma so I can get a better job. I also want to show my kids that if I can do this, then they can stay in school, too.

If every thing goes my way, I want to get a trade of some kind. At my age, it's not easy to do the GED, it isn't like being in school, it's so much harder. In the long run, I hope it will make my life easier.

If I have the diploma to show an employer when I go for a job, it proves I can finish what I've started.
